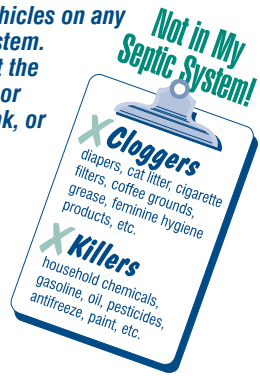
## Things to keep in mind:

- ✓ *Inspect your system (every 1 to 3 years) and pump your tank (as necessary, generally every 3 to 5 years).*
- ✓ *Use water efficiently.*
- ✓ *Don't dispose of household hazardous wastes in sinks and toilets.*
- ✓ *Plant only grass over and near your septic system. Roots from nearby trees or shrubs might clog and damage the drainfield.*
- ✓ *Don't drive or park vehicles on any part of your septic system. Doing so can compact the soil in your drainfield or damage the pipes, tank, or other septic system components.*



## Septic System Maintenance Record

| Next Service | Scheduled Activity | Pumping Co./ Phone | Activities Completed | Comments |
|---|---|---|---|---|
| Jan. 2003 | inspection | Joe Pumper 555-1234 | inspection | sludge layer okay-may need pumping next year |
